The

THE N. O. DUTY OF THE 22ND has the following:—The news that Mr. R. G. Ogle died yesterday morning has been received with very deep regret. He had made such a long and gallant fight with the disease that he had suffered from, that his friends still hoped he would conquer it. He came to China in 1872, and soon made himself very popular, his qualities as a business man and as a member of society recommending him to all with whom he came in contact. He leaves a widow for whom the sincerest sympathy is felt, and who has the satisfaction of feeling that her loss is shared by a very large circle of friends and acquaintances.

The following items are from the *London and China Express* of Feb. 25:—

The guns which were sent out originally for the *Phaeton* have been appropriated for the *Leander*, recommissioning at Hongkong.

Mr. Lobb, from Hongkong, has taken over the duties of cashier and comptroller at Pankroft, vice Mr. B. O. Connolly, retired.

M. Barbey, French Minister of Marine, has been asked a question in the French Chamber by M. Guillouet as to the treatment of troops on board the transport *Stannock*, from Tientsin to France, but owing to the defeat of the Government he was unable to answer it. He has, however, written to the Deputy stating that he has done everything to place in the hands of the legitimate claimants, and to ameliorate the lot of the troops on board the transport.

Relief crews for the *Leander* and *Peacock* on the China Station are being selected at the home ports, and are to take passage to Hongkong in the *Thyris*, leaving England about the 10th inst. Captain W. M. O. F. Castle has been selected for the command of the *Leander*; Lieut. Ingram is to retain the command of the *Peacock* for the present. Captain Castle was Acting Commander of the *Exeter* during operations in the Malay Peninsula, 1876-77, receiving the Penak medal and Penak clasp.

The following appointments have been made at the Admiralty:—Staff-Commander John Edwards, to the *Victor* (staff command) for service in Hongkong; George South, *Victor* (staff command); for service in Hongkong; Lieut. W. E. W. G. Van Ingen, E. M. Hale, and A. B. Sandler, to the *Leander*, to date February 25. Acting Lieutenant, R.N.R., H. F. David, to the *Leander*, to date Feb. 25. Lieutenant, R.N.R., L. H. St. O. Coxon, to the *Leander*, to date Feb. 25. Surgeon, R.N.R., L. H. St. O. Coxon, to the *Leander*, to date Feb. 25. Sub-Lieutenant, R.N.R., T. E. Shefford, to the *Peacock*, for navigational duties, on recommissioning, undated. D. Pratt, to the *Peacock*, on recommissioning, to date Feb. 25, and J. H. Richardson, to the *Peacock*, to date Feb. 25.

THE LEGISLATIVE COUNCIL.

A meeting of the Legislative Council was held this afternoon at 3 P.M. Sir William Robinson, Governor, presided, and there were also present: Hon. G. T. M. O'Brien, C.M.G., Colonial Secretary; Hon. W. M. Goodman, Attorney General; Hon. J. L. Stewart-Lockhart, Registrar General; Hon. R. G. Mitchell, Under-Secretary for Finance; Hon. P. Cooper, Surveyor General; Hon. W. C. H. Hastings, Acting Harbour Master; Hon. C. P. Chater, Hon. E. R. Bellhouse, and Mr. A. M. Thomson, Members of Council. Absent: Hon. J. J. Kerrick.

FINANCIAL MINUTES.

The following financial minutes were laid on the table by the Colonial Secretary and referred to the Finance Committee:—

The Governor recommends the Council to vote a sum of \$15,272.18, being the difference between the aggregate of the estimates for 1891, (\$1,266.89 as against \$4,000 estimated expenditure) on the Extension of the Castle Dock (Extraordinary Public Works No. 10) and of the so much as was expended on the Estimates for 1892 (\$6,000), and the total estimated cost of the work, viz. \$10,000.

The Governor recommends the Council to vote a sum of \$480, to defray the rent of the mess-table Marine Office at the Sailors' Home for twelve months from January 1st to December 31st, 1892.

THE RECOMMENDED LOAN.

The Colonial Secretary—I have to lay on the table the report of the Committee appointed to consider the important question as to whether a loan should be raised for this Colony, and if so, what way it may best be raised. The report has not yet been published, and at the present meeting I can only lay it on the table. So soon as it is printed, copies will be furnished to all members. With the permission of the Council I may take this opportunity of stating that although his Excellency is not in accord with all the conclusions expressed in this report, yet out of deference to the weight and experience of the gentlemen who have signed the report it is not proposed to present the matter further.

QUESTION FOR NEXT MEETING.

Mr. Whitehead—Sir, I beg to give notice that at next meeting of Council I shall ask the following question:—

Referring to Dr. Stale's report on the Government Central School for Girls, and to the statement therein, that the Government were about to appropriate a site for a new school, will the Government lay upon the table any papers or correspondence on the subject, and state if the Government intend to take the opinion of this Council on the subject before making any appropriation either in money or land in connection therewith?

THE QUARANTINE COMMISSION.

Mr. Whitehead—Sir, pursuant to notice given at last meeting, I beg to ask the following question:—

Does the Government intend to give effect to the opinion expressed in the Re-

port (dated Hongkong, 20th February, 1892) of the Commission appointed to consider Quarantine and Sanitation Regulations, by amending that part of the Merchant Shipping Ordinance of 1891 which deals with Quarantine, and if so when does it propose to do so?

The Colonial Secretary—In reply to the hon. member's question I have the honor to state that the Attorney General has been instructed to draft an Ordinance to give effect to the recommendations of the Quarantine Commission.

CHINESE CUSTOMS EXPONENTIAL.

At last meeting Mr. Whitehead gave notice of the following question:—

With reference to the Honorable the Attorney General's Report on the Just Trade of Hongkong for 1891, dated 11th January last, and more particularly to paragraph 17 thereof, which reads in substance:—The only controllable cause of the depression of the Junk trade are the supplies of the Chinese Customs in Hongkong, and the preservation of the neutrality of British waters. Will the Government lay on the table copies of the former correspondence referred to in the said report, and any further information or reports in its possession on the subject of the system of espionage established by the Imperial Chinese Customs in Hongkong?

With reference to this question, Mr. Whitehead—Your Excellency has been good enough to place in my hands the papers referred to, and with your Excellency's permission, until I have had an opportunity of carefully going over them, I would ask to be allowed to postpone the question for one or two meetings of Council.

His Excellency assented.

THE DIRECTOR OF PUBLIC WORKS.

The Attorney General moved the second reading of the bill entitled an Ordinance to give effect to the changes in the name and style of the Surveyor General and the Surveyor General's Department. He said:—

The name of the Surveyor General has been changed to that of Director of Public Works, which will be more in accordance with the duties performed by him, and in case any difference might arise in connection with documents and contracts of the Government as to whether the powers which are given to the Surveyor General and the duties imposed on him pertain to the Director of Public Works, it will prevent any quibble arising over the substitution of the Director of Public Works for the Surveyor General.

The bill went through its remaining stages and was passed, without comment.

THE LAW OF LETTERS PATENT.

The Attorney General moved the third reading of the bill entitled an Ordinance to consolidate and amend the law relating to Letters Patent in this Colony of Letters Patent for inventions.

The bill passed.

THE CHINESE AND NIGHT PAVERS.

The Attorney General moved the third reading of the bill entitled an Ordinance to make further provision as to the issue of night passes for Chinese.

The bill passed.

ANNOUCEMENT.

The Council adjourned till April 11.

FINANCE COMMITTEE.

A meeting of the Finance Committee was afterwards held, the Colonial Secretary presiding. The Chairman said the amount mentioned in the first financial minute, \$15,272, was practically a re-vote. The money was already voted in the estimates for 1891, but it was found profitable to spend it in that year.

The Surveyor General, in reply to a question, said the vote would be required to complete the works contemplated when the original vote was made.

Mr. Whitehead—With reference to the item of \$3000 for repairs to St. John's Cathedral, it is proposed to spend all that this year?

The Chairman—Yes, and I am sorry to say, a good deal more. What cannot be repaired in this year, will have to be repaired in the next year, but will be brought before the Council later on. The \$3000 now asked for will be required—I am speaking subject to correction by the Surveyor General—to do the work contemplated when the vote was originally passed. Subsequently it was found that a considerable amount of additional expenditure would be necessary, but the \$3000 now mentioned has nothing to do with that.

De Ho Kai—It seems to me this sum is not provided for in the estimates for 1892. The Chairman—No, it is not. It is not to come before the Council now. It is a vote not come before the Council now. It is a vote not come before the Council now.

Mr. Whitehead—It is evidently an omission from the estimates for 1892, but that item and the previous one were not in the bill.

The Chairman—Precisely.

The Attorney General—May say it was authorized by the Secretary of State to the Cathedral as to be put into a proper state of repair before being handed over. Last year it was estimated to cost \$3000, but the work was not done before 31st December and the vote lapsed.

Mr. Whitehead—Should it not be asked as a re-vote, instead of simply as a vote?

The Chairman—Yes, I think that would be reasonable. It is really a re-vote.

A METALLURGICAL DEMAND.

The Chairman said the financial minute they had to consider was one which recommended a vote of \$480 as the rent for last year of the mess-table marine office at the Sailors' Home. On inquiry he found that the then previous year had been occupied for rent on the part of the trustees of the Sailors' Home. They now have made a demand. It appears that the site for this building was given by the Government, but the building was erected entirely out of voluntary contributions. The Government did not contribute any part of the cost. It seems, therefore, I think impossible to raise a claim for rent when such a claim is made, and that the only question we have to consider is whether the rent is reasonable. The Chairman said he had consulted the Surveyor General, and in his opinion the rent is a reasonable one. The proposal is now to pay \$480 this year; no doubt we shall have to pay it in future years also.

In reply to Mr. Whitehead it was stated that the mess-table Marine Office had occupied the premises for 27 years.

Mr. Whitehead—At what instigation is this claim being made?

The Chairman—It is being preferred by parties who are competent to do so by law, and who the reason of who instigated the demand I don't think we have very much to do. I understand from the Acting Harbour Master that they consider they have been badly treated in regard to water rates, but that the only question before this Committee is whether the claim is one that we can resist on principle, and if not, whether the amount is fair.

Mr. Whitehead said it seemed to him worth considering whether it would not be better to refer to the old arrangement.

The Chairman said he did not know that it was competent to do that.

The Attorney General said that according to the terms of the Rating Ordinance the Sailors' Home was not one of the exempted institutions. He was bound to say that he thought they were justified in making this claim. He had not the figures before him, but he did not think the water rate claimed for rent was more than the amount claimed for rent.

Mr. Ho Kai—Why should the Government pay for the Mercantile Marine Office at all?

The Acting Harbour Master said the Government did so under the Merchant Shipping Ordinance.

The state was then passed.

CATTLE RENT EXTENSION.

The remaining vote of \$2,738 in connection with the extension of the Cattle Depot was agreed to without remark.

The Committee then adjourned.
